

Past Cardio Renal Group Meetings (2005-2008)

Date	Presenter	Title
1/28/2008	R. Preston Mason (Harvard Medical School)	Role of Endothelial Dysfunction in Cardiovascular Risk: A Nanotechnology Approach
5/21/2007	Heung	Ultrafiltration for Congestive Heart Failure: Has the time come?
1/29/2007	Norman	Reducing Cardiovascular Risk in Kidney Transplant Recipients
12/18/2006	Weitzel	Vascular Elasticity Imaging
10/9/2006	Pennathur	Lipoprotein Oxidation and Cardiovascular Disease
5/15/2006	M. Wolf (Renal Unit, Massachusetts General Hospital, Harvard Medical School)	Examining the Link Between Chronic Kidney Disease and Vascular Calcification for Patients on Dialysis
4/10/2006	M. Kaplan (Rheumatology)	Novel Mechanisms of Premature Atherosclerosis in Systemic Lupus Erythematosus
3/13/2006	Saran	Cardiovascular Outcomes in Hemodialysis
2/13/2006	D. Sengstock / L. Muthukumar (Geriatrics)	Vitamin D and Cardiac function
1/30/2006	L. D'Alecy (Physiology)	ADMA: Implications for Kidney Disease
1/9/2006	Rao	Coronary Artery Disease in Patients with (SLE) Systemic Lupus Erythematosus
11/21/2005	TBA	Interesting topics from recent ASN
10/31/2005	R. Brook (Cardio)	Updates from recent research on Utility of Atherosclerosis Screening Tests and Role of Leptin in Hypertension
10/17/2005	TBA	
10/3/2005	Dr. Rajiv Agarwal (Indiana Univ.)	Chronic Kidney Disease and Hypertension
9/19/2005	TBA	
8/15/2005	Dr. Mahendranath Reddy	
6/20/2005	TBA	Stepwise Increase in Arterial Stiffness Corresponding With the Stages of Chronic Kidney Disease
5/9/2005	Dr. Kenneth Jamerson (Cardiology)	TBA
4/25/2005	Dr. Alan Weder (Cardiology)	TBA
4/11/2005	Dr. Keith Aaronson (Cardiology)	Cardiorenal Risks of Nesiritide
3/28/2005	Dr. Robert Brook (Cardiology)	Mechanisms of vascular dysfunction related to obesity and the metabolic syndrome
3/14/2005	TBA	
2/28/2005	Dr. Robert Brook (Cardiology)	
2/14/2005	TBA
